Mr. O. T. Stubbs,
Fox Park, Wyo.

Dear Sir:

Your letter to the American Numismatic Society and the check for $4.00 received. "The Numismatist" is published by the American Numismatic Association, Mr. F. G. Duffield, Editor, 4215 Fernhill Ave., Baltimore, Md., and I have sent your letter and the check re-endorsed on to him.

If either you or Mr. Frank Howland are especially interested in Bryan pieces and after receiving the catalogue of these from Mr. Duffield, you should find any not listed, kindly inform me as Mr. Zerbe and I made this catalogue and we are anxious tomake additions to this list.

Several years ago, there appeared in the "American Journal of Numismatics" published by this Society a catalogue of the Lesher dollars. All of the reprints are exausted and the article can only be gotten in that volume of the Journal, which costs $5.00. I, however, have an extra copy of this article cut from one of the Journals. I have been holding this at $2.00. If you desire it, you may have it for this price.

Very truly yours,

Curator

Dear Sir:

Your letter came the other day and your check today. I have had sent to you the article on the Lesher dollars. It was originally issued in the annual volume of our Society, which sold at $5.00. I trust you will profit by a perusal of this. The pieces, themselves, nowadays bring a number of dollars each.
